

WHAT IS CLAIMED IS:

1 **1.** A cable /satellite/Internet-ready television comprising:
2 a television chassis,
3 a television screen,
4 a cabinet,
5 a television control panel that includes a transmission-mode/channel selection
6 panel, and a television tuner/demodulator having a first tuner/demodulator input and
7 a second tuner/demodulator input, wherein said television control panel and said
8 television tuner/demodulator are built into said cabinet, and
9 a purchase-payment means for purchasing goods and services from television
10 programs broadcast through said television.

11 **2.** The cable/satellite/Internet-ready television of **Claim 1**, wherein said purchase-
12 payment means is a credit/debit card reader that is incorporated within said cabinet.

13 **3.** The cable/satellite/Internet-ready television of **Claim 1**, further comprising a
14 wireless control system integrated into said cabinet.

15 **4.** The cable/satellite/Internet-ready television of **Claim 3** further comprising a
16 remote control device capable of communicating with said television by means of said
17 wireless control system.

18 **5.** The cable/satellite/Internet-ready television of **Claim 4**, wherein said purchase-
19 payment means is a credit/debit card reader that is incorporated within said remote
20 control device.

21 **6.** The cable/satellite/Internet-ready television of **Claim 4**, wherein said remote
22 control device includes a cellular phone.

1 **7.** The cable/satellite/Internet-ready television of **Claim 1** further comprising a DVD
2 player integrated within said cabinet.

1 **8.** The cable/satellite/Internet-ready television of **Claim 1** further comprising a
2 camera integrated within said cabinet.

1 **9.** The cable/satellite/Internet-ready television of **Claim 8**, wherein said camera is
2 a digital camera.

1 **10.** The cable/satellite/Internet-ready television of **Claim 3**, wherein said wireless
2 control system is an infra-red system and an infra-red control device is arranged on
3 said cabinet for transmitting signals between said television and said remote control
4 device.

1 **11.** The cable/satellite/Internet-ready television of **Claim 3**, wherein said wireless
2 control system is a radio control system and a radio receiver/transmitter device is
3 arranged on said cabinet for transmitting signals between said television and said
4 remote control device.

1 **12.** The cable/satellite/Internet-ready television of **Claim 3** further comprising a
2 computer that is integrated within said cabinet, wherein computer peripheral devices
3 are external to said cabinet and are communicable with said computer via said wireless
4 control system.

1 **13.** The cable/satellite/Internet-ready television of **Claim 12**, wherein said peripheral
2 devices include one or more devices from a group consisting of a keyboard, a mouse,
3 a joystick, a headset, and speakers.

1 **14.** The cable/satellite/Internet-ready television of **Claim 1** further comprising:
2 a sound control panel,
3 a plurality of sound speakers,

4 a power amplifier, and
5 a bass box,
6 wherein said sound speakers, said power amplifier and said bass box are
7 integrated within said cabinet and said sound control panel is arranged on said cabinet
8 so as to be easily accessible by an operator of said television.

1 **15.** The cable/satellite/Internet-ready television of **Claim 14**, wherein said plurality
2 of sound speakers includes at least four speakers.

1 **16.** The cable/satellite/Internet-ready television of **Claim 3**, wherein said television
2 comprises:

3 a plurality of sound speakers,
4 a power amplifier, and
5 a bass box,
6 wherein one or more of said sound speakers, said power amplifier, and said
7 bass box are arranged external to said cabinet and are in communication with and
8 controlled by said wireless communication system.

1 **17.** A television comprising a cabinet and a purchase-payment means that enables
2 purchase of goods and services from television programs broadcast through said
3 television.

1 **18.** A television comprising a cabinet and a DVD player integrated within said
2 cabinet.

1 **19.** A television comprising a cabinet and a camera integrated within said cabinet.

1 **20.** The television of **Claim 19**, wherein said camera is a digital camera.

1 **21.** A television comprising:
2 a cabinet,

3 a wireless control system integrated into said cabinet, and
4 a computer that is integrated within said cabinet and wherein computer
5 peripheral devices are external to said cabinet and are capable of communicating with
6 said computer via said wireless control system.

1 **22.** The television of **Claim 21**, wherein said computer is a personal computer
2 having a hard drive and a CD-ROM drive.

1 **23.** The television of **Claim 21**, wherein said wireless control system is an infra-red
2 system and an infra-red control device is arranged on said cabinet for transmitting
3 signals between said television and said remote control device.

1 **24.** The television of **Claim 21**, wherein said wireless control system is a radio
2 control system and a radio receiver/transmitter device is arranged on said cabinet for
3 transmitting signals between said television and said remote control device.

1 **25.** The television of **Claim 21**, wherein said computer peripheral devices include
2 one or more devices from a group consisting of a keyboard, a mouse, a joystick, a
3 headset, and speakers.

1 **26.** A television having a cabinet, said television comprising::
2 a sound control panel,
3 a plurality of sound speakers,
4 a power amplifier, and
5 a bass box,
6 wherein said sound speakers, said power amplifier and said bass box are
7 integrated within said cabinet and said sound control panel is arranged on said cabinet
8 so as to be easily accessible by an operator of said television.

1 **27.** The television of **Claim 29**, wherein said plurality of sound speakers includes at
least four speakers.
